LOCAL NEWS.

F. M. Cooper was up from Salt river on Monday.

J. T. Finner, of Lower Tonto, was in town yesterday.

Born—In Globe, August 9, to the wife of W. O. Kellen, a son.

Mrs. Fletcher S. Milligan, who has been in Phoenix visiting her mother, returned home on Sunday.

W. H. Duryea has rebuilt the house at the southwest corner of the O. K. corral property, destroyed by fire last fall.

G. M. Grimes, an exemplary young man, who has been a resident of Globe for the past year, left yesterday for his former home in Butler county, Missouri.

The merry-go-round is creating a world of fun for the youngsters, and the enthusiasm appears to be infectious, even among "children of a larger growth."

G. Benz was here on Tuesday with a load of fine grapes from the Bonquet ranch, Tonto, for which there is always a demand. He will be here again next week.

Mrs. C. R. Fiske, who was the principal sufferer by the late flood, is repairing her property and protecting it against any such possible disaster in the future.

William Tuttle, chief of police at San Carlos, and detachment of Indian scouts, passed through town yesterday toward Salt River, in search of Indians off the reservation without passes.

H. R. Ayers, E. M., of Denver, representing Fraser & Chalmers, of Chicago, is here negotiating the sale of milling machinery to the Girard and Kasser gold mining companies.

Sheriff George C. Bowser, of Yavapai county, left yesterday with a prisoner named Clemens, arrested here by Deputy Benbrook last Saturday. Clemens is wanted for grand larceny.

Willie Sultan left last Friday for Santa Monica, Cal., to enjoy the sea breezes for a couple of weeks, after which he will return to Arizona and enter the territorial university at Tucson.

We are requested by Father J. Timmerman to announce that he will hold service in the Globe Catholic church on Sunday, August 23, at 9:30 o'clock A. M. He expects to arrive here on the 19th and remain until the 24th.

J. W. Brown has applied for a position as guard at the territorial prison, and is strongly endorsed by the business men of Globe. He is one of the kind you can tie to and if appointed the territory will have a faithful employee.

The irrepressible Ed Machwith, of San Francisco, dealer in grocers' sundries, was here this week, and secured liberal orders from Globe merchants. Ed has the faculty of always making himself agreeable, and deserves his popularity.

Modesto Borques, Jr., returned last Thursday from a trip to the districts of Altar and Magdalena, in the state of Sonora, Mexico, where great prosperity prevails, especially in the mining industry. Summer rains have been abundant and the country presents an attractive appearance.

H. C. Hitchcock has inclosed his water tank in a substantial frame structure, which makes an ornamental water tower. It will be useful as well, as the lower portion has been divided into two rooms, one above the other, and which will be nicely finished, making two comfortable living rooms.

Andre Maurel has placed the senior editor under obligations by a present of peaches, the largest and best flavored that we have ever eaten in Arizona. Many of them were as large as navel oranges and would weigh a pound apiece. More than one-half the fruit marketed in Globe this season has been from Mr. Maurel's orchards.

Under the head of political announcements will be found the card of George E. Shute, who will be a candidate before the county republican convention for sheriff. Mr. Shute has a large acquaintance throughout the county, and is familiar with the duties devolving upon the sheriff, having filled that office in a creditable manner eight years ago.

Bucky O'Neill, in a letter to W. H. Layton, of Globe, writes hopefully of the people's party's chances in the coming election in Arizona. He says: "We are going to put a ticket in the field here (Yavapai county) and in Mohave, Maricopa, Yuma, Cochise, Pima and Pinal, as well as Graham, with, I think, good chances of carrying them all. I am glad things are looking so well for our party in Gila, and that my friends there have not forgotten me. Before the campaign is over I will surely be over to see them."

Those who desire to have photos made should attend to it soon, as I shall leave Globe about August 20. Please come early enough to give me time to finish them before leaving.

Valuable Copper Claims.

Development work on the Black Copper group, under bond to Col. J. A. Fleming and Dr. J. M. Ford, of Phoenix, is progressing satisfactorily under the direction of W. W. Hill. The principal work thus far has been the sinking of a shaft on the Black Copper claim, which is down 100 feet, and in ore nearly all the way. At a depth of 75 feet the ledge was cross-cut 6 feet and a drill driven in 3 feet further, without reaching the wall, all in ore assaying over 16 per cent copper, and without a particle of waste. At 100 feet a cross-cut is being run and the ore is, if anything, better than at 75 feet, and showing an increase of iron and some time.

Of the group of fifteen claims, six are located on this ledge, which is 35 feet wide in places and is readily traced for a distance of more than two miles. Some work has also been done on the Montgomery and other claims on the ledge and the showing is equally good.

There are immense quantities of ore near the surface, going from 7 to 10 per cent, suitable for leaching. The ore is changing with depth, and provided the base carries an adequate percentage of iron, as now seems probable, the richer ores can be smelted to advantage. The ledge has been sufficiently prospected to justify the belief that when opened it will prove one of the largest and richest copper mines in Globe district, if not in the entire southwest.

John Kasser of the Kasser and Girard Gold Mining companies, returned last week from New York, accompanied by Mr. Smith, a mechanical engineer employed by the Girard Gold Mining company, to run the mill to be erected at the mine in Lost gulch. They will either buy the Centennial mill, or order a new one from Denver.

Fred A. Adams and Louie DePuy, of Florence, are among the recent arrivals who expect to remain here, believing that Globe has a brighter future than any mining camp in Arizona. Mr. Adams is a competent engineer, having built several stamp mills in Pinal county. Louie DePuy is well known to old residents, being an old-timer himself.

The leap year dance at the park last Saturday night was a very pleasant affair, although the attendance was not what it should have been. On next Saturday evening the last party for the season will be given at the park, and the mere announcement should insure a large attendance. As Globe has no public hall now, it looks as though there would be a dearth of amusements the coming season.

George T. Peter, the well known stockman, was in from Tonto this week. He says he has no political aspirations this year, but his friends hope to induce him to change his mind, and be a candidate for the legislature. As there is no way of avoiding the calamity of a legislative session, voters should ignore party lines and endeavor to elect honest men to the legislature. There will be rascals enough in that honorable (?) body, you may depend upon it. Mr. Peter has been tried as a legislator and his integrity proven.

The marriage of Hubert Grant and Miss May Richardson was celebrated on Sunday evening, August 9, at the residence of Mr. and Mrs. James Frederick, in the presence of the relatives of the bride and many invited guests. Probate Judge Mills Van Wagenen officiating. Congratulations followed and an hour was pleasantly spent in social converse and partaking of excellent refreshments. Mr. and Mrs. Grant received numerous wedding presents which will adorn their cozy home on South Hill street. We wish them much happiness.

The Buffalo mine boasts the champion pie eater. One day recently, while partaking of his midday repast, he remarked, regretfully, that he had never in his life got enough pie. His companions immediately produced from their lunch baskets fifteen pieces of pie, which he gratefully accepted, remarking that their combined contributions and his own portion might appease his appetite for once, as he was not feeling very well, and, consequently, was not very hungry. There was peach pie, apple pie, plum pie, blackberry pie and several other kinds, which he proceeded to devour with gusto, until the last piece disappeared, before the astonished gaze of his fellow workmen. Doubtless when feeling real well he could consume several pies more, but we hope he will not attempt it and thereby disturb the parity of 16 to 1.

The National Game.

Baseball will occupy the attention of the people of Globe for the next few days. The Fort Apache team will arrive today, and engage the local nine in two contests, on Saturday and Sunday afternoons, game to be called at 4 o'clock. The opposing team are as follows:

Apache. Positions. Globe.

Steffes.....First base.....Lord

Lewis.....Second base.....Holzman

Hunter.....Third base.....Clayton

Muehligh.....Short stop.....Morey

Ferguson.....Right field.....Star

Smith.....Center field.....Blevins

Small.....Left field.....Allison

Nichols.....Pitcher.....Lowe

Jordan (Capt.).....Catcher.....Davidson

Substitutes for Apache, McVay and Gebra.

Those who desire to have photos made should attend to it soon, as I shall leave Globe about August 20. Please come early enough to give me time to finish them before leaving.

POPULIST MEETING.

At a meeting of the people's party of Gila county, held in the court house last Saturday evening, the following delegates were elected to the territorial convention, to be held August 29: Col. J. E. Grandall, Leroy Kneeberry, William Dickenson and David Heron, of Globe; Frank Bissig and Harry W. Nash, of Payson. The delegation was instructed to vote for Bucky O'Neill for delegate to congress.

The following named persons were chosen members of the county central committee: Globe precinct, Pat Rose, Thomas North and Mr. Miller; Pine precinct, James Hopkins and David Gowan; Payson precinct, Harry W. Nash; Grapevine precinct, P. W. Bacon.

It is evident from the array of announcements made in these columns, that there is no scarcity of good men willing and anxious to serve the dear people in the important office of sheriff. Prospective candidates for other county offices, however, appear to be backward in making their aspirations known. To all such we would say that the columns of the SILVER BELT are open to them, for a cash consideration, and would suggest that success in politics, as in other vocations, is greatly promoted by the liberal use of printers' ink.

Messrs. J. S. Sniffen and Geo. H. Rice, attorneys, have formed a partnership and will practice in all the courts of the Territory. Their card appears in this issue of the SILVER BELT.

Mrs. Thomas Armer who has been visiting her parents on upper Salt river, arrived yesterday on her way to join her husband at his station near San Carlos.

The Phoenix Republican believes that the populists will cut a considerable figure in the November election in Maricopa county. F. T. Powers, of Tempe, formerly a resident of this county and who served a term as supervisor, is spoken of as a probable populist candidate for that office.

Attend the dance at the park next Saturday night.

Amorphy J. S. Sniffen returned from Florence last Saturday.

Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in its results." Trial bottles free at H. C. Hitchcock's drug store. Regular size 50c. and \$1.
